1 cup flour
1/2 cup salt
2 tbsp. cream of tartar
1 cup water
1 tbsp. vegetable oil
food coloring of choice

1. In a saucepan, combine dry ingredients. Stir in water and oil.
2. Cook over medium-low heat, stirring occasionally, until mixture pulls away from sides of pan and ball begins to form. Watch closely - it scorches easily.
3. Remove from heat. Roll into a ball, and add food coloring. Knead until color is evenly distributed.
4. Store in airtight container. Do NOT refrigerate.
